I love this class and the set up of it, it is a nice break from lectures in every class.

Great learning environment and good preparations for quizzes and exams. No suggestions.

dope class, dope professor

definitely would swing in more class building activities, very cool class -- I wish more people participated

Scott is an amazing professor, one of the best. Anytime he is teaching a class, I take it, I find his classes interesting and he is reasonable with his expectations. I will be taking another one of his courses next semester and I am eager to get started. Keep being awesome Scott!

Productive learning environment for the class.

I felt the guest speakers were helpful for the course. Also, getting some experience with comprehensive plans and long-range transportation plans was appreciated.

Actually a very enjoyable class ---

Class was very boring and dry and did not really catch my attention. The information is interesting but I found myself to be bored and fall asleep in almost every class.
