Elizabeth Mallinson & Benan Saracoglu

Directed by
Michael Shawn Lewis, Assistant

Assistant Director
Casey Morris

Puppets designed in collaboration with
James Wojtal

Quinn, a young boy living in a city, is indifferent to his sister Luna's concerns about the environment. When he loses his beloved toy dog, Augie, down a sewer grate, Quinn journeys after him and discovers the land of Sewertopia, an underground world overtaken by garbage and pollution. With the help of a friendly knight, he goes on a quest to find Augie, and learns about taking care of the Earth along the way.
